Onyx Cover

INDOOR - The Onyx cover is a black, stretchy, form-fitting cover made of a polyester blend of Lycra/Spandex. The fabric has a satin-like exterior feel with a luxuriously soft underside. Its stretchability results in a sleek, form-fitting look that is easy to slip on. The front and rear hems, mirror pockets and generation-specific pattern are tailored for your Corvette. FREE storage bag and 3 year warranty included!

52263 68-82 Onyx Cover **$154.99**

Premium Flannel Cover

INDOOR - The Premium Flannel Cover pampers your Corvette in a thick, double-napped layer of superior protection. Premium Flannel is 100% breathable & mildew resistant. Includes non-scratch tie-down grommets & mirror pockets. FREE storage bag and 3 year warranty included!

4017 68-82 Premium Flannel Cover... **$153.99**

MaxTech Cover

OUTDOOR / INDOOR - The MaxTech cover provides strong outdoor protection at a great price, making it the most popular outdoor car cover. Features four layers of protection, front and rear elastic, custom fit mirror pockets and non-scratch tie-down grommets. It blocks out moisture, dirt and pollutants while allowing air to pass through. FREE storage bag, 2 year warranty, cable and cable lock included!

X21558 68-82 MaxTech Cover **$92.99**

SoftShield Cover

OUTDOOR / INDOOR - The SoftShield Cover combines the outdoor protection of the MaxTech Cover with the paint-pampering qualities of the Premium Flannel Cover. SoftShield's three outer layers are made of the same UV-treated polypropylene material that makes our MaxTech Cover so durable. The inner fourth layer is made of soft polyester nap that protects your car's finish with a gentle touch. SoftShield repels dirt and pollutants while remaining breathable. SoftShield also features front and rear elastic hems, custom fit mirror pockets and non-scratch tie-down grommets. FREE storage bag, 2 year warranty, tie-down cable and cable lock.

23562 68-82 SoftShield Cover **$143.99**

The Wall Cover

OUTDOOR / INDOOR - Keep your Corvette safe from the elements and free of debris while it's parked outside. The Wall utilizes an advanced three-layer design that stands up feature for feature with pricier covers, but costs less. The Wall Cover is tailored to fit your C3 with an elasticized hem & deep mirror pockets. Includes non-scratch tie-down grommets & mirror pockets. FREE storage bag, 2 year warranty, cable and cable lock included!

X2162 68-82 The Wall Cover **$102.99**

EconoTech Cover

OUTDOOR / INDOOR - The EconoTech protects your Corvette with a revolutionary single-layer material that remains breathable while it repels water and dirt. With its elasticized hem and mirror pockets, EconoTech is one of the finest, budget-priced covers ever made. Includes non-scratch tie-down grommets & mirror pockets. FREE storage bag and 1 year warranty included!

21536 68-82 EconoTech Cover **$50.99**

Use Your Code Whenever You Order...

Once you know your 2-digit color code, ordering CA's interior products is easy. When multiple colors are available, the part numbers will consist of 4 digits followed by a blank space. Put your 2-digit color code in the blank space after the part number. Example: To order a 1981 Red Door Panel, the part number would be #4433**24**.

68-81 Black **CODE 20**	76 Bluegreen **CODE 19**	68-70 Bt Blue **CODE 41**	76-77 Buckskin **CODE 57**	81-82 Camel **CODE 58**	82 Charcoal **CODE 21**	81 Cinnabar **CODE 39**

Colors shown are approximations to assist you in determining your interior color. Actual material samples are available upon request.

***NOTE:** Some 1981 Corvettes were manufactured with 1982 colors, depending on which plant manufactured it and the manufacture date. If you are unsure which color code is correct for your Corvette, please call a Sales Representative for assistance. If necessary, you may request color samples.

EMBROIDERED ITEMS ARE NON-RETURNABLE. CA items requiring the use of an embroidery code to order, are considered custom made and therefore are NON-RETURNABLE. Please confirm your fitment and logo choice with your preferred dealer or one of our sales representative before placing your order. All workmanship and quality warranties still apply to CA manufactured embroidered items.

1979-1982 Seat Cover Sizing Chart — How to Select the Correct Size!

1 If you are using new Seat Foam, simply select Seat Covers and Seat Foam that match in size - either both 2" or both 4".

2 If you are using your original Seat Foam, locate the end of the horizontal pleats **A** on the seat back's insert area.

3 Then find the middle of the double stitching line **B**.

4 Now measure the distance between A and B. It will be either 2" or 4".

5 Then select your new Seat Covers from the listings.

OR LET US MOUNT THE SEAT COVERS FOR YOU!

Refurbished Original Seat Tracks

Refurbished, Repainted, Lubricated and Shipped Ready to Install! First, used original seat track assemblies are checked to ensure they are complete and suitable for use. Then any necessary repairs such as straightening mounting plates or replacing springs are performed. The tracks are then degreased to remove all old lubricants, sandblasted to remove rust, cleaned and prepped for painting. Finally, they are painted, clear coated and lubricated so they are shipped to you in ready-to-install condition. **Limited availability.** Call or email for current inventory. Sold in pairs. One pair does one seat. Unless noted, will work for both driver or passenger sides.

1968-1982 Seat Conversion Adapter for C5 or C6 Corvette Seats

Replace those uncomfortable C3 seats with some comfy C5/C6 seats! The CA Seat Conversion Kit #43954 makes it possible to install 1997-2013 Corvette seats into a classic 1968-1982 Corvette utilizing the original seat tracks and mounting points. Acquired C5/C6 seats will have to be slightly modified for the seat conversion to fit properly. You may choose to use the acquired C5 or C6 seats as is and install using the 1968-1982 Corvette Seat Conversion Adapter Kit #43954 or you may choose to restore and/or customize the seats using CA's seat products. CA can provide seat foam and covers to suit your individual seating needs. We supply seating packages to include seat foam sets and seat covers in 100% leather in OE colors for either C3, C5, or C6. If you're looking for a completely custom look, CA can provide a variety of leather colors, as well as thread colors. CA can also embroider eleven different GM Licensed Logos and do custom embroidery (digitizing fees apply). If you have any questions about seat conversion, seat packages or general seat questions, call to speak with a Sales Representative. The power features built into the C5/C6 seats will not be functional after the installation of this conversion kit. Due to the C5/C6 seat bottom height difference from the C3 seat, head height clearance will be affected. Note: SEATS ARE NOT INCLUDED AS PART OF THIS KIT AND MUST BE ACQUIRED SEPARATELY.

43954 68-82 Seat Adapter for C5 or C6 Seats $244.99

#442334 1976 Firethorn Standard Door Panel - LH

#442147 1971 Royal Blue Door Panel with Felt

1970-1977 Standard Door Panels

CA's 1970-1976 Standard Door Panels come with all new hardware installed, including Armrest U-Trim, Lock Knob Insert Plate and Upper Door Panel Felt. Just remove your old panels and replace with these brand-new beauties. There's no need to do anything more! This reproduction 1977 Door Panel includes Felt, new Armrest U-Trim and Lock Knob Insert Plate. You can use this door panel as is, or transfer your original Upper Insert Plate and Lower Chrome Strip to create a Deluxe Door Panel. Made in the USA!

1968-1977 Upper Dash Pads

Get the fit, feel and look of your original! Classic Car Dashes' Upper Dash Pads are the best solution when it comes to replacing cracked and faded originals. Complete with all mounting clips and brackets already attached. 1970-77 Dash Pads feature pre-cut right and left speaker holes.

Note: Two versions of 1976-1977 Buckskin and Smoke colors are available. For the LIGHTER shade of these colors, order the regular color code 57 (Buckskin) or 67 (Smoke). For a slightly DARKER shade of these colors, order color code B2 (Dark Buckskin) or A2 (Dark Smoke). Call for a free material sample.

1968-1977 Dash Shields

What sets CA's Dash Shields apart from the rest? First, these Dash Shields are constructed using the same ABS material used in the reproduction Dash Pads. That means no paint to scratch or fade. This Dash Shield is the correct color and it stays that way. Second, for 1970-77 Corvettes, the speaker holes are in the right place — no more muffled sounds due to improperly located holes or misshapen patterns. Dash Shields are a great fix at a great price. And they're simple to install with the supplied adhesive.

Note: For 1976 Dark Buckskin, order #4696B2.

Velourtex Custom Embroidered Mats

Velourtex Custom Mats, by Lloyd Mats, are high-quality floor mats embroidered with your choice of GM licensed Corvette logo. Velourtex Mats are made with 20-ounce yarn (superior to OEM mats) and are finished with a rich, smooth texture comparable to today's new model OEM mats. Velourtex Mats are available in 8 colors and feature matching woven binding, multi-layer backing that holds shape and protects original carpet and a non-skid rubber traction back. **Note:** These mats are considered special orders. Special orders are non-returnable except due to manufacturing defect.

Direct-Fit Aluminum Radiators

These Direct Fit Aluminum Radiators fit up to the factory hoses and original supports with no modifications. No cutting. No bending. No installing different hoses. Each core features a double row of extra wide, high-quality tubes, louvered fins and press-formed end tanks. Cores are furnace brazed for the ultimate tube-to-header welds without epoxy. Best of all, they cost much less than other Aluminum Radiators and they're backed by a three-year Manufacturer's Warranty.

Direct Fit Radiators w/ Black Ice Coating

DeWitts Direct Fit Aluminum Radiators are designed to install into the stock core support & use factory connections without any modifications or adapters. Black Ice Coating is a special epoxy that adheres to aluminum without peeling or flaking. It is only 3-5 mils thick and it does NOT affect the cooling performance of the aluminum radiator. The semi-gloss finish resembles the older enamels used on copper/brass radiators to keep that original look under the hood.

#58277 1968-72 OS Aluminum Radiator - BB Size in SB Core Support with Dual Spal 11" Fans - Manual

DeWitts Direct Fit LSX-Series Radiators

DeWitts LSX MODIFIED Aluminum Radiators are designed to install into the stock core support and use factory connections without any major modifications or adapters. Kit includes SPAL Fan Module(s) with Black Ice brackets and framing, wiring, and sending unit perfectly matched to the radiator core. Inlet and Outlet are moved to the passenger side to match the LSX Coolant System design. Will eliminate the pressurized surge tank (where used as OE). The Black Ice Radiator is coated in a product specifically designed to adhere to aluminum without any reduction in heat transfer. It is a special two part epoxy paint that is chemically hardened and it shrinks as it cures to a thickness of .001", giving a stock look without the penalty of traditional paint. Each LSX MODIFIED starts with a USA Made Core, furnace brazed, with two rows of 1" cooling tubes, serpentine finned and epoxy free. Press formed end tanks are manually tig welded - not expoxied - in the USA, providing the ultimate in strength and appearance. This radiator is built with the Integrated transmission cooler with factory type fittings.

1977-1982 Shifter Console Plates

These 1977-1982 Shifter Console Plates are pre-cut for all the necessary switches. Just order according to your Corvette's options. Each plate works for both manual and automatic transmission cars. Plates come with the slot for an automatic indicator. If you have a manual, the shift indicator plate (sold separately) covers the slot. 1980 Early design has a 1" square opening for the rear defroster switch. On the 1980 late design, this opening is 1"x 2".

Accel HEI Distributor Module

The solid state electronics in this HEI high-performance module produces higher output and superior reliablility over stock. Dwell control circuitry delivers a long, consistent charge and the current control circuit prevents overheating.

#51123

51122 75-80 Distributor Module - Accel - 4 pin $52.99
51123 81-82 Distributor Module - Accel - 7 pin $66.99

Accel Ignition Coils, Distributor Components, Spark Plugs and Spark Plug Wires are designed to make your Corvette's ignition perform reliably and efficiently. Accel's innovations in ignition wire & distributor technology have earned the trust of auto and performance enthusiasts everywhere. Accel delivers a better spark & more MPG's. Get started with Accel.

Mallory Hyfire Distributor Module

Wake up your coil-in-cap type HEI ignition with the Mallory HyFire HEI Module. Designed for 8 cylinder, 4 pin modules, the HyFire delivers a hotter spark over a broader RPM range courtesy of its extended-dwell circuitry. Features:

- More accurate timing
- Adjustable Rev Limiter: 5,000 to 9,500 RPM
- Higher RPM capability
- Reduces the high-RPM retardation typical in other HEI modules

#51142

Note: Not for sale or use in California on pollution-controlled vehicles.

51142 75-80 Distributor Module - Mallory Hyfire $221.99

Mallory ignition components are carefully developed and thoroughly tested to deliver serious power to your ignition system so you get the maximum performance from your Corvette. From HEI upgrade modules to full electronic ignitions and high-powered coils, Mallory Ignition Components boost performance with better timing accuracy, higher output and efficiency and even a boost in RPM. Light your Corvette's fire with Mallory Ignitions.

Economy Spark Plug Wire Sets

With genuine Packard® wiring and stock-like boots, they fit better and are cosmetically closer to original than GM replacements. No date coding on the wires—a small sacrifice for high quality at a low price.

Accel Super Coils

Accel Super Coils deliver 10% to 15% more energy than OEM coils by utilizing advanced bobbin technology, specialized silicone magnetic steel cores and optimized winding. High-temp epoxy resists shock and vibration while increasing conductivity. Direct plug-in replacements for OEM coils. HEI coils are compatible with both original and computer-controlled HEI ignition systems.

1968-1973 Small Block Intake Manifolds

ADD POWER AND PROLONG ENGINE LIFE!

A direct replacement for stock manifolds on 1968-1973 Corvettes. Power+Plus Manifolds offer a unique dual-plane, 180-degree design for substantially increased power between idle and 5500 RPM for regular models and 1500 to 6500 RPM for High Performance Models. All models include a square bore carb adaptor plate and gasket for use with Holley or Edelbrock square bore carbs. Valve cover with oil filler required. Not compatible with Holley Spreadbore Carb. Choose from high-polish or satin finishes. Include dual distributor hold downs and four corner water outlets.

41760	68-73	Small Block - Polished	$274.99
41761	68-73	Small Block - Satin	$203.99

Holley Intake Manifold - Small Block Chevy - Carb Single Plane Kit

The new single plane Intake Manifold is designed to provide a broad RPM powerband for high-performance street/strip engine applications to a maximum engine speed of 7500 Rpm. The carburetor-mounting pad is designed to accept all stock or aftermarket square-bore carburetors with manual or electric chokes. These intake manifolds are designed to accept most stock hardware and accessory brackets, but offer performance features like an updated plenum divider area, a 1" shorter height than the 300-25 manifold and a choice of two distributor clamp locations. The isolated design of the air/fuel passages helps to increase charge air density and performance.

1968-1982 Competition Long Tube Headers for Small Block Chevy

Hooker Competition Headers offer the best value in the high performance header market. Designed for the value-conscious buyer who is running either a stock or mildly-modified engine, Hooker Competition Headers offer premium features at a very competitive price. Made of durable 16 gauge mild steel tubing, the Hooker Competition Header design utilizes a long transition collector to reduce back pressure and increase exhaust flow. A perfect sealing surface is assured with the 5/16" machined flanges, with welded O-ring seals. Experience has proven that this flange size is ideal to maintain header integrity and be pliable enough to seal each exhaust port. Tubing is mandrel-bent to maintain metal strength and provide consistent tube diameter at radii to maximize performance. All hardware included for a complete installation. Primary Tube Size 1.625" x 24" O.D. Collector size 3" O.D., Collector length 8".

1968-1982 Side Exhaust Heat Shields

Form and function have never looked so good together. Not only do these stylish shields protect legs from those oh so hot side exhaust tubes, but also make your Vette look good while they do. Every set comes with a pair of shields and a complete installation kit featuring stainless steel hardware and special thermo-tec header wrap to isolate the pipes from clamps and prevent any unsightly scratching. (This wrap can withstand continuous heat up to 2,000 degrees F.) Available in several different designs, all of which are hand polished high quality stainless steel made right here in the USA, and they will fit any side header exhaust system tubes that are between 3.5" and 4" in diameter. Made in the USA! Licensed by GM.

Aluminized Exhaust Systems

Our Aluminized Mufflers & Exhaust Pipes, made of long-lasting aluminized steel (65% Stainless Steel, 25% Aluminum, 10% Carbon) are the correct size and fit for your Corvette. We also offer complete Exhaust Systems that include header pipe flanges, sleeves, donut gaskets, clamps and mufflers.

1968-1974 Dual Exhaust Systems - Aluminized

1968-73 factory exhaust systems came with the secondary pipe welded to the muffler. Our Exhaust Systems are manufactured this way for originality, and ease of handling and installation. Original 1973-78 mufflers were round, thus visible below the rear valance. We offer your choice of Original Style round mufflers or Low Profile oval mufflers that are not as visible when installed.

Leather Steering Wheel

1968-1982 Leather Steering Wheels

A beautiful, custom-fit leather steering wheel at a great price.

Features genuine black leather finger grip with chromed aluminum spokes and a 14" diameter deep dish. Fits all 68-75 Corvettes and 77-82 Corvettes with tilt/telescopic. Uses stock bolt pattern, factory horn button and mounts directly to the column. No installation kit required. Available in black only. Deep dish design will not interfere with turn signal lever.

X2502	68-82	Leather Steering Wheel - Black/Chrome	$92.99
X2553	68-82	Leather Steering Wheel - Black/Black	$92.99

Note: Steering Column Conv. Kit #20340 is required for '76 Corvettes.

1968-1982 DRIVER Leather Steering Wheel

A leather steering wheel at a great price. Similar to stock 1980-1982 steering wheels, DRIVER Steering Wheels are made from leather that isn't quite up to perfect restoration standards, making an economical alternative for an everyday driver. Fits all 68-75 Corvettes and 77-82 Corvettes with tilt/telescopic columns.

51025	68-82	DRIVER Black Leather Steering Wheel	$123.99

Note: Steering Column Conv. Kit #20340 is required for '76 Corvettes.

1976 Steering Column Conversion Kit

If you own a 1976 Corvette, this kit gives you more choices for replacing your steering wheel. It includes everything you need to fit 1968-1982 steering wheels to a 1976 column.

20340	1976	Steering Column Conversion Kit - for Telescopic Columns	$203.99

#X23950 1980 Doeskin Leather Reproduction Steering Wheel

1977-1982 Reproduction Steering Wheels

Steering wheel frames are correctly padded and wrapped with fine interior leather. The result is a beautiful steering wheel guaranteed to be color-matched to your original interior. Fits accurately on 77-82 Corvettes with tilt/telescopic columns only. There is no core charge and no hassle of returning your old steering wheel. Simply attach your 2-digit color code to complete the part number.

COLOR CODES ARE ON PAGE 3.

NEW Upper & Lower A-Arms

Complete and Ready To Go! This fully assembled Control Arm Set with Shafts from CA is the easiest way to refresh your front end.

58638 68-82 New Upper & Lower A-Arms with Shafts, Bushings & Ball Joints Pre-Installed $1449.99

Heavy Duty Upper A-Arms

Box-tube MIG welded A-Arms are stronger and lighter than stock. Poly bushings allow arms to pivot more freely and with less deflection than stock rubber bushings. Relocated ball joint mounts are designed to allow up to 5° positive caster and a greater camber adjustment range for handling far superior to stock. A-Arms are shipped pre-assembled with offset cross-shafts and poly bushings already installed. Limited lifetime warranty. Upper A-Arms include ball joints.

GAS SHOCKS

Monotube construction, seamless eye rings and cylinder, and unparalleled valving action provide outstanding handling, traction and response. These long-lasting, trouble-free shocks outperform the rest. Covered by a limited lifetime manufacturer's warranty. Use with radial or bias-ply tires. Please Note: KYB Shocks are slightly stiffer than stock shock absorbers. For cars with worn suspension components, they may increase ride height slightly.

Poly Adjustable Strut Rods

Designed to help keep rear tires in correct vertical alignment, CA's Adjustable Strut Rods help maintain proper camber throughout your suspension's range of travel to reduce tire wear and improve handling. These rods are stronger than stock and feature polyurethane bushings for long life. Best of all, there are no adjustment cams. Simply lengthen or shorten the strut rods by turning them, then tightening the jam nuts – that's it! Poly Adjustable Strut Rods give you triple the adjustment range of stock camber adjustment rods.

X2464 68-79 Strut Rods - Poly - Adjustable - pr $112.99
X2465 80-82 Strut Rods - Poly - Adjustable - pr $112.99

Poly Smart Strut® Kits

Polyurethane Smart Struts eliminate unwanted change in rear wheel camber. With 2 1/2" of wheel travel, the rear camber can change over 2°. The same car equipped with Smart Struts has measured camber change of less than one-tenth of a degree through over 5 1/2" of wheel travel. Smart Struts are guaranteed to improve handling and reduce uneven tire wear. They also reduce hub bearing wear by reducing side loading. Limited lifetime warranty. Poly Smart Strut® Kits include:

- Custom Strut Rod Mounting Bracket
- Camber Adjustment Cams
- Polyurethane Rod End Bushings
- All Hardware & Instructions

40595 68-79 Poly Smart Strut Kit $249.99

Detroit Speed Suspension Kits

Detroit Speed's Independent Coilover Suspension Kits give you the control to set up your 1963-82 Corvette with superior handling, improved ride quality, precision steering, greater adjustability and faster spring changes. Kits are available with Non- Adjustable, Single-Adjustable or Two-Way-Adjustable Shock Absorbers.

Detroit Speed SpeedRay Front Suspension Kits

The system features 'Detroit Tuned' quick ratio power rack and pinion steering along with forged in the USA DSE aluminum uprights. The bolt-on powder-coated cradle assembly improves suspension geometry, provides rigid mounting for the rack and pinion, and includes integrated tie down eyelets. DSE/JRi 'Detroit Tuned' Coilover shocks/springs allow for spring rate tuning and ride height adjustment. It also includes a splined anti-roll bar with aluminum arms, composite bushings, powder coated tubular upper and lower control arms with Delrin bushings, forged offset upper control arm mounting brackets with caster tuner bushings to optimize suspension geometry and provide clearance for Gen V LT4 engines. The kit also includes Torrington bearings and a spanner tool for easy spring height adjustments. The body and engine do not need to be removed for installation of the SpeedRay front suspension. Available as a bolt-in kit.

SpeedRay Features:

- TIG-welded tubular upper & lower control arms
- Detroit Speed/JRi aluminum body coilover shocks with "Detroit Tuned" valving - Detroit Speed / JRi Shock upgrades available.
- Coilover Springs
- "Detroit Tuned" power rack & pinion steering
- Integrated splined sway bar with composite bushings
- Forged control arm cross shafts with caster tuner bushing
- Forged aluminum Detroit speed spindles
- Made in the USA

Detroit Speed DECAlink™ Rear Suspension Kits

The DECAlink Independent Rear Suspension features an exclusive DSE suspension geometry for superior handling and ride quality. The IRS utilizes modern CV axle shafts and hub bearings, keeping suspension loads from being transmitted through the axle shafts. The DECAlink Independent Rear Suspension works with an original 17-spline differential assembly with upgrades to 30-spline or a Hammerhead 12-bolt differential. **Note:** Minimal welding is required.

DECAlink Features:

- Detroit Speed aluminum uprights forged in the USA
- Detroit Speed/JRi "Detroit Tuned" coilover shocks - (upgrades available)
- Coilover springs
- Rear Sway Bar
- Torrington bearings

1968-1979 Front & Rear Coilover System with Rebound Adjustable Shocks

The RideTech CoilOver System for your Corvette includes everything you need to make your vintage classic handle like a new Corvette. The package contains front upper and lower control arms, tall spindles, billet steering arms, inner & outer tie rods, front MuscleBar, rear trailing arms and 4 HQ Series CoilOvers for every corner of your vehicle. The benefit of buying a complete suspension system is that RideTech has removed the guesswork by collecting data to determine the perfect spring rates and components to improve your vehicle's performance and ride quality. Requires part #22377 Stock or part #22376 Upgrade Brake Kit.

52491 68-79 Front & Rear Coilover System with Rebound Adjustable Shocks..... **$7011.99**

These kits are assembled to order, and are tailored to your engine size and chassis options for greatly improved handling. Other spring, shock, and bushing options are available for track enthusiasts; as well as complete rear arm assemblies with bearings and rotors pre-installed. Call with your specific needs and let us build a kit custom tailored for you!"

Coilover Suspension Kits eliminate the rear monospring and make it possible to gain all the advantages of a coilover suspension. Fine-tune your ride with much more control and versatility. With the turn of a knob you can make your suspension stiffer and more responsive for track days, or more plush and comfortable for daily driving conditions. Personalize your settings to strike your own custom balance of comfort and handling. Since most Corvettes are now equipped with radial tires, the A-Arms are designed with 6º of positive caster for optimum highway stability.

All-Glass T-Tops

Glass Tops in Smoked Glass or Mirrored Glass are manufactured with L.O.F. glass for twice the breakage resistance of the original. The Smoked Glass Tops feature a smooth black reflective finish. The Silver Mirrored Tops are similar to factory tops supplied in 1978-82. Fits directly on 1978-82 Corvettes. Installation on 1968-77 requires non-permanent adjustments. Instructions included.

Note: Early 1977 T-Top Weatherstrips have 19 plastic push-in fasteners. Late 1977 Weatherstrips have 18 of these fasteners. Additionally, the Late 1977 version has a metal reinforcement embedded in the weatherstrip that goes above the door window glass. The Early style does not have this reinforcement. It is flexible around the entire circumference.

31253 68-76 Windshield Post WS Retainer - RH $37.99

K1004 73-82 Windshield Pillar Post WS Screw Set - 8 pc $3.99

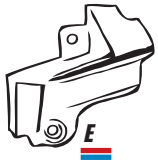

Note: In 1968-72, the pillar post weatherstrips were originally a one-piece unit with upper and lower sections combined (like #**X2652**). You may order, as a replacement, one each of #**2348**, #**2349**, and # **X34801**. Our Kits, however, contain #**X2652** to provide total accuracy. In 1973, the design was changed and the lower weatherstrip section was eliminated. Therefore, #**X34801** is correct and will provide complete sealing.

1976-1982 Aluminum Wheel Sets

A VISUAL NECESSITY AT A SPECTACULAR PRICE!

Take the so-called "optional" Corvette wheels of 1976-82 and add them to your must-have list! Do it, that is, if you want your Vette to look its very best. These timeless masterpieces have been recreated in each of their three original styles… 1976-79, 1978 Pace and 1980-82. Purchase a set of four wheels and save over individual wheel prices. Center Caps, Emblems and Lug Nuts available separately.

1976-1982 Chromed Reproduction Wheels

CA took the famous reproduction 1976-82 Aluminum Wheels and bathed them in beautiful, high-lustre chrome. The result is one of the most stunning exterior accessories ever created for C3 Corvettes, one that fits just like stock! They install and fit just like original, but look so much richer! Add Lug Nuts and your choice of Center Caps (sold separately) for a stock-like look — only better!

1968-1976 CORVETTE SELECTA SPEED WIPER KITS

A downpour of rain will no longer hinder your ability to clearly see the road. This kit provides you with the performance and convenience of a late model wiper system in a package that easily and cleanly mounts in your car. The wiper kit contains a low profile, seven-speed wiper motor with 5 delays, low speed, and high speed, rotary switch, adapter plate, and wiring harness. The CNC aluminum adapter plate mounts the wiper motor to the stock firewall bolt pattern and requires no permanent modifications to the vehicle. The supplied wiring harness uses the factory wiper grommet opening and requires no cutting of the factory harness. This allows owners the option to return their classic Corvette back to its original configuration if desired, leaving no holes or spliced wires behind.

NEW IMPROVED! **Easier Installation:** The wiper switch and wiring harness plug into a wiper control module located under the dash. The wiper motor connector is already installed on the wiring harness, saving you from having to pin out the wiper motor connector. The wiring harness has also been simplified with new wiper control module design.

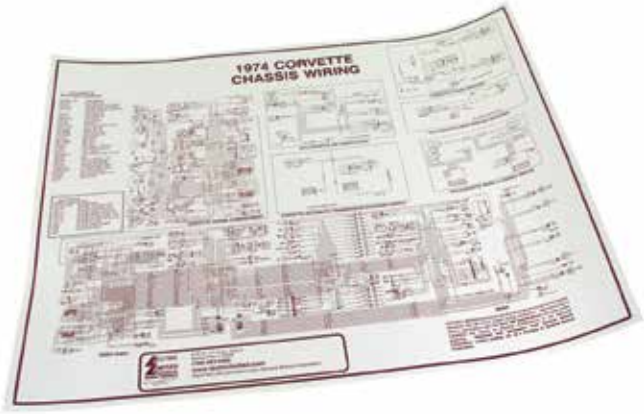

Push Button Windshield Washer Function: The seven position rotary wiper switch now features a push button function for a windshield washer option. Once the push button function is released, the wiper blades cycle 3 times just like your current OEM vehicle. The wiper blades then continue to operate at the last switch position. The wiring harness includes a weather pack connector/harness for an inline windshield washer pump.

Smaller, Lighter Wiper Motor: Modern OE wiper motor design is more compact for a clean look on the firewall giving additional clearance for your brake booster, valve covers, etc."

Parking System - Switchable to Front or Rear

Avoid common backup accidents! Brandmotion's Switchable Front or Rear Parking System can be installed on any vehicle - car, SUV or truck. Distance readout is shown on LED display that can be installed conveniently on the vehicle dash, or inverted for headliner or rear vehicle mounting. An audible tone increases in frequency as objects are approached. Sensors mount into the front or rear bumper with integrated rubber isolators to improve performance on steel bumpers. Special angle mounts allow sensors to work on all vehicles types. Sensors have adjustable sensitivity to avoid false triggers due to tow hitches or spare tire carriers. Sensors come in black and can be easily painted.

Radar Blind Spot System

This is the one retrofit Radar Blind Spot monitoring and detection system that works like an original equipment-based system. It works closer to the systems found on new vehicles than any other system available. Newly updated and improved from our original system, Brandmotion's radar-based system works with any vehicle with plastic fascias (all bumpers except metal pickup truck bumpers) and offers the only system based on automaker-validated original equipment components, resulting in true OEM-like fit, finish and performance. Brandmotion offers the first aftermarket solution to include cross traffic detection as well as the first system to eliminate 95% of false triggers common in other systems. The system uses CAN data to accurately obtain vehicle speed and is compatible with all vehicle makes and models 2005-current. Includes all necessary mounting hardware including under rear fascia sensor mounting brackets.

POLICIES

Terms and Conditions: Goods and/or services sold by our company, hereinafter referred to as "Seller", to customer, hereinafter referred to as "Buyer", are expressly subject to these terms and conditions set forth below. Any proposal for different or additional terms and conditions contained in any prior oral or written communication, including, without limitation, are hereby objected to and rejected, but such proposal shall not operate as a rejection of this agreement unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods and/or services but shall be deemed a material alteration thereof, and this agreement shall be deemed accepted by Buyer without said additional or different terms. Buyer's acceptance of shipment or performance and/or payment for the goods or services constitutes acceptance of Seller's terms and conditions. The Seller may, from time to time, change or supplement these terms and conditions.

Payment: We Accept Credit & Debit Cards, Checks and Money Orders. Payment must be received in full prior to shipment.

Prices Subject to Change: All prices and/or discounts are subject to change without prior notice. All prices quoted by Seller will be in effect for a period of thirty (30) days from the date of the written quotation unless otherwise stated. While every effort is made to ensure accuracy, Seller is not responsible for errors or omissions or unforeseen price adjustments in distributed catalogs or our website. Note: Some non-discount, limited discount or pre-discounted items may be excluded from certain promotional pricing and cannot be combined with other offers.

Limited Warranty: Seller makes every effort to list the warranty for each product on the product webpage. Unless otherwise specified, all products are warranted to be free of defects in workmanship and materials under normal use for a period of 30 days from the invoice date.

Limitation of Liability: Seller's liability on any claim for loss or damage arising out of this contract or from the performance or breach thereof or connected with any goods or services supplied hereunder, or the sale, resale, operation or use of goods, whether based on contract, warranty, tort (including negligence) or other grounds shall not exceed the price allocable to such goods or services or part hereof involved in the claim regardless of cause or fault. Seller shall not under any circumstances be liable for any labor charges without its prior written consent. In no event shall Seller be liable for any incidental or consequential damage, including but not limited to, loss of profits or revenue, loss of use of products or associated product, cost of capital, cost of substitute products, facilities or services, downtime costs, or claims of customers of Buyer for such damage.

Shipping Damage, Lost or Missing Merchandise: Unless otherwise noted, all sales of goods are made F.O.B. point of shipment and, in all cases, title and risk of loss or damage shall pass upon Buyer with delivery to the carrier at point of shipment. Seller reserves the right of carrier selection. Delivery dates given in advance of actual shipment of goods or performance of services are estimates and shall not be deemed to represent fixed or guaranteed delivery dates. Buyer is required to examine all shipments upon arrival to ascertain condition. If any shortages or damages occurred in transit, please contact Seller within 5 days of receipt for instructions on how to proceed. Failing to do this could jeopardize the refund or replacement of the damaged or missing items. Please save the original box and packaging materials for inspection by the carrier. Damage/loss claims cannot be filed after 15 days from the date of receipt of the package. Items shipped via truck must be opened and inspected while the driver is still on the premises, and damage noted if there is any.

Refused Shipments: If a shipment is refused, customer will be charged for shipping and handling plus a restocking charge of 15% of the product value.

Returns: You may return products other than Special Orders, if returned in unused, original condition in original packaging. There is no need to call for authorization. Complete the Return Form enclosed with your shipment and send the package back to us. It is recommended that you insure the package and retain your receipt of shipment. No COD returns will be accepted. Qualified returns will be refunded in the same method they were paid (i.e. credit card refund or refund check). There will be a full refund on returns up to 30 days from invoice date. Qualified returns older than 30 days but less than 90 days, will be assessed a 25% restocking fee. Special orders, custom products, electrical products, tools, books, videos, CD's/DVD's, exhaust products after installation, returns of partial sets/kits or returns more than 90 days old will not be accepted. Any unauthorized returns will be mailed back to customer at customer's expense.

Core Return Policy: Our rebuilders are not able to accept core returns on items once they have been modified in any manner. In order to receive full core credit, core returned must be from a vehicle that is the same year, application and options as the item ordered. Core must be complete, in rebuildable condition and drained of all fluids to receive full credit. Cores are to be shipped to Seller pre-paid by the customer. Core verification takes approximately 3-4 weeks. If you have any questions, please contact our Customer Service Department prior to returning.

Force Majeure: Seller shall not be liable for failure to deliver or for delay in delivery or performance due to (i) a cause beyond its reasonable control, (ii) an act of God, act or omission of Buyer, act of civil or military authority, governmental priority or other allocation or control, fire strike or other labor difficulty, riot or other civil disturbance, insolvency or other inability to perform by the manufacturer, delay in transportation, or (iii) any other commercial impracticability. If such a delay occurs, delivery or performance shall be extended for a period equal to the time lost by reason of delay.

Indemnification: Buyer hereby (1) waives, releases and discharges any and all claims with the exception of claims for breach of this sales contract of every kind, including, but not limited, to injury or death of any person or damage to property, which it may have at any time against Seller, its agents or employees, by reason of or arising out of any condition of or defect in the goods and (2) covenants to indemnify and hold harmless Seller, its agents and employees from and against any and all loss, damage, expense, claims, suits, costs of defense, including attorney's fees which Seller or any or its agents or employees may sustain or incur at any time for or by reason of any injury to or death of any person or persons or damage to any property arising out of any condition of or defect in the goods or any claimed inadequate or insufficient safeguards of safety devices or warnings.

Governing Law: This Agreement shall be governed by and construed according to the laws of the State of Pennsylvania.

Entire Agreement: This Agreement sets forth the entire agreement and understanding of the parties relating to the subject matter herein and supersedes any prior discussions or agreements between them. No modification of or amendment to this Agreement, nor any waiver of any rights under this Agreement, shall be effective unless in writing, duly executed by both parties.

Severability: If any provision of this Agreement is held to be invalid by a court of competent jurisdiction, then the remaining provisions shall nevertheless remain in full force and effect.

Assignment: Buyer shall not assign or delegate any or all of its duties or rights hereunder without Seller's prior written consent. Any assignment or delegation made without Seller's consent shall be null and void.

Headings: Headings used in this Agreement are provided for convenience only and shall not be used to construe meaning or intent.

About California Proposition 65

California's Proposition 65 entitles California consumers to special warnings for products that contain chemicals known to the state of California to cause cancer and birth defects or other reproductive harm if those products expose consumers to such chemicals above certain threshold levels. We care about our customers' safety and hope that the information below helps with your buying decisions.

We are providing the following warning for products linked to this page:

WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Motor Vehicles

California requires the following notice:
WARNING: Motor vehicles contain fuel, oils and fluids, battery posts, terminals and related accessories which contain lead and lead compounds and other chemicals known to the State of California to cause cancer, birth defects and other reproductive harm. These chemicals are found in vehicles, vehicle parts and accessories, both new and as replacements. When being serviced, these vehicles generate used oil, waste fluids, grease, fumes and particulates, all known to the State of California to cause cancer, birth defects, and reproductive harm.

Tools

California requires the following notice:
WARNING: Some dust and particles created by power and hand tools from cutting, sanding, sawing, grinding, drilling and other activities contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Your risk from exposure to these chemicals varies, depending on how often you do this type of work. To reduce your exposure, work in a well-ventilated area and with approved safety equipment, such as dust masks that are specially designed to filter out microscopic particles.
